** Includes handle

Specifications

Commercial microwave shall have a user-friendly 6 minute dial timer with an end of cycle audible signal. There shall be a single power level and cooking stage. Microwave output shall be 1000 watts distributed by one magnetron with a rotating antenna to provide superior even heating throughout the cavity. Durable door shall have a tempered glass window and a grab and pull handle with a 90°+ opening for easy access. Interlock hinges shall be metal for a long service life. An interior light shall facilitate monitoring without opening the door. The large 1.2 cubic ft. (.034 m³) cavity shall accommodate a 14" (356 mm) platter. Interior ceramic shelf shall be sealed and recessed on oven bottom to reduce plate-to-shelf edge impact. Oven shall have a white painted interior and gray exterior and be stackable to save counter and shelf space. The air filter shall be easily accessible and removable from the front of the oven. Microwave oven shall comply with standards set by the U.S Department of Health and Human Services, UL and CSA for safety and NSF for sanitation.

Warranty

Limited 3 year warranty:

Year 1 - parts, labor, and travel are covered.

Years 2 - 3 - magnetron tube (part only) is covered.

Service

All products are backed by the ACP, Inc. 24/7 ComServ Support Center.
