HIGH PERFORMANCE HAS A NAME<sup>™</sup>

## The Evolution of High-Speed Cooking.

Introducing the AXP High-Speed Oven from Amana. The AXP represents Amana's ongoing leadership in high-speed cooking technology—and is the most intelligently designed, meticulously engineered combination oven of its kind. Features include a space-saving footprint with a spacious interior cavity; 360 programmable menu items; durable, easy-to-clean, ergonomic design, and easy-to-use controls. It's the done-to-perfection oven that delivers done-to-perfection results, no matter what's cooking in your kitchen.

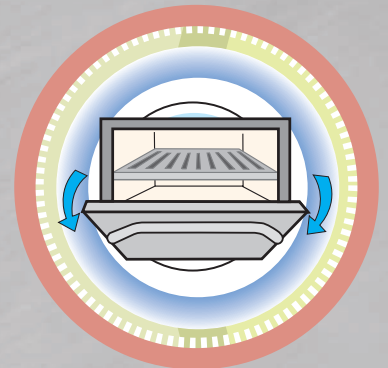

Smaller footprint, larger interior than other ovens in its category.

Easier-to-clean design saves time and lowers operational costs.

Multi-level menu option with touchpad and knob controls to simplify training and operation.

Ergonomic, easy-to-open door and spacious cooking surface.
